

## Loveless & Godstone Regret

If you had a time machine, would you do something good with it? Or would you bring the world to its knees and accidentally go on a killing spree through time chased by a gang of ruthless murderers. Jack Loveless never meant for it to happen, but as Harry Godstone his arresting officer and unwilling companion never fails to point out, hes in an awful lot of trouble. If the world is to end in 36 hours, dont put your trust in these two to save the day. A black comedy of epic proportions.
