

Bad Things

Creepy crawlies, dark shadows, hideous monsters secreted under your bed... Bad Things is a collection of paranormal stories that will make your skin crawl and heart race. Do you sleep with the light on? Maybe you should... They come at night When the moon grows dark To steal your treasures And weaken your heart An empty bed Is all that remains If the Bad Things decide To visit again Mommies take care Watch your young as they slumber For babies and children The Bad Things do hunger Check closets and attics And under all beds If the Bad Things come calling Youll wish you were dead.
