

Measure for Measure

Measure for Measure - William Shakespeare... Measure for Measure is a play by William Shakespeare, believed to have been written in 1603 or 1604. Vincentio, the Duke of Vienna, makes it known that he intends to leave the city on a diplomatic mission. He leaves the government in the hands of a strict judge, Angelo. In the next scene, we find a group of soldiers on a Vienna street, expressing their hopes, in irreverent banter, that a war with Hungary is afoot, and that they will be able to take part. Mistress Overdone, the operator of a whorehouse frequented by these same soldiers, appears and tells them there's one yonder arrested and carried to prison was worth five thousand of you all. She tells them that it is Signor Claudio, and that within these three days his head to be chopped off as punishment for getting Madam Julietta with child. Lucio, one of the soldiers who is later revealed to be Claudios friend, is astonished at this news and rushes off. Then comes the first appearance of Pompey Bum, a character whom Harold Bloom has described as a triumph of Shakespeares art, a vitalistic presence who refuses to be bound by any division between comedy and tragedy. Pompey, who works for Mistress Overdone as a pimp, but disguises his profession by describing himself as a mere tapster (the equivalent of a modern bartender), avers to the imprisonment of Claudio and outrageously explains his crime as Groping for trouts in a peculiar river. He then informs Mistress Overdone of Angelos new proclamation, that All houses [of prostitution] in the suburbs of Vienna must be plucked down. The brothels in the city shall stand for seed: they had gone down too, but that a wise burgher put in for them. Mistress Overdone is distraught, as her business is in the suburbs. What shall become of me? she asks. Pompey replies with a characteristic mixture of bawdy
