

Slide Trombone

Drugs, booze, the music of Led Zeppelin and a fish who prefers Rush turn a weekend jam session into a moment of transcendence and depravity for four old high school friends trying to recapture their glory days. From *Monstrous Affections*, this tale is part of Stoker Award-winner David Nickles collection of short fiction about love in all its horrific proportions. ChiZine Publications (CZP) curates the best of the bizarre, bringing you the most excitingly weird, subtle, dark, and disturbing literary fiction. Look for more titles in the ChiZine short stories collection to build your digital library.
