

## Midnight Lullaby: Prequel to the Erin Solomon Mysteries

For fans of John Connolly and Dennis Lehane, the prequel to the bestselling, now-complete Erin Solomon Mystery Series. And don't miss the other novels in this critically acclaimed series, available in a single volume for the month of July only at a savings of 66%! Life, death, and the heart of darkness that lies between... When a Sudanese refugee is killed in a bizarre ritual murder in Portland, Maine, reporter Daniel Diggs Diggins attempts to revive his flagging career by investigating the crime. The story becomes personal when a young African girl Diggs has befriended is targeted by the killer, and Diggs himself falls victim to a curse that brings to terrifying light the ghosts of his own past. Working with young protege Erin Solomon, soon the duo finds themselves immersed in a world of dark secrets, crooked politicians, and black magic. Set during the summer of 2000, this standalone prequel to the bestselling Erin Solomon Pentalogy gives existing fans a front-row seat to those first tenuous days between Diggs and Solomon, as friendship evolves into something infinitely more complicated. And for newcomers to the series, *Midnight Lullaby* is the perfect introduction to the darkness and serpentine twists that mark every Diggs and Solomon mystery.
