

## Ulysses: Illustrated (Classics of the Western World Book 2)

What is so staggering about Ulysses is the fact that behind a thousand veils nothing lies hidden; that it turns neither toward the mind nor toward the world, but, as cold as the moon looking on from cosmic space, allows the drama of growth, being, and decay to pursue its course. Carl Jung I hold this book to be the most important expression which the present age has found; it is a book to which we are all indebted, and from which none of us can escape -- T.S. Eliot This edition is digitally optimized for Kindle readability. This edition includes historic illustrations and linked table of contents.
