

Crybaby Butch

Drawing on her experience as an adult literacy tutor, Judith Franks first novel traces the difficult and sometimes hilarious connection between two butches of different generations - a middle-class, thirty-something adult literacy teacher and her older, working-class student. With a disparate group of adult learners as the backdrop, Frank examines, with warmth and wit, the relationship between education and gender, class, and racial identity. With *Crybaby Butch*, Judith Frank creates a deeply human, bravely unsentimental story while at the same time investigating the meaning of butch identity as it reinvents itself from one generation to the next. ~ Carol Anshaw Fearless and unflinching, *Crybaby Butch* rigorously explores butch/femme dynamics over two generations. Judy Franks debut novel is searing and memorable. ~ Claire Messud
