

## Dancing in the sun: Poetry and Photography

This is a collection of poetry written in various styles, traditional, cowboy poetry, freestyle, and simple Haiku. Every poem is paired with photography that captures the spirit and imagination of the writer. It is designed to surprise, amuse, and entertain the reader. It is a collection of insights about life, love, death, dreams, and hopes. Some will make you laugh and a few might make you uncomfortable, but all of them are worth reading and sharing. We hope you enjoy reading it as much as we enjoyed collecting it.
