

Nightmara

Whatever you do, don't think about them before you fall asleep. After Grayson Castle is kissed by a beautiful and mysterious woman at a night club, he soon discovers the true meaning of fear. Plagued nightly by what he believes to be a terrifying curse, he seeks professional help from Dr. Zoe Alexander. Convinced it's nothing more than sleep paralysis, she disregards his experiences as merely a hallucination until they come after her. Based on a true phenomenon, Nightmara explores what horrors may lie between sleep and awake.
