

Olympus

From Zeus to Dionysus, from Hades to the hustle and bustle of modern cities, this unique anthology by seventeen master writers brings a variety of mythical beings out of the mists of time and into our world. From a god who has outlived his worshipers to a Zeus-spawned curse that may lead to unforeseen romance, to a mere mortal who dares to ride the skies no matter what the cost...these are unforgettable tales of romance and revenge, and of life, death and all the realms that lie between! ** Includes stories by such top writers as Esther Friesner, Jane Yolen, Charles de Lint, Diana Paxson, Tanya Huff, Michelle West, and Dennis McKiernan ** Co-editor Martin H. Greenberg is the leading anthologist in the genre, and is credited with over 600 top-selling collections ** Co-editor Bruce D. Arthurs is the editor of Copper Star and has screenwriting credits for Star Trek: The Next Generation ** Mythological themes have always been a staple in fantasy fiction- and this collection is sure to appeal to a wide audience! ** Magnificent cover art by Jean-Francois Podevin
