

Otherworld Nights: An Anthology (The Otherworld Series Book 3)

Rare and never-before published short stories featuring fan favorites from the New York Times bestselling series. It's been more than ten years since Kelley Armstrong began the Otherworld series and drew legions of fans to a realm roamed by witches, werewolves, necromancers, vampires, and half-demons. Many of the novels have become bestselling favorites, but not all of the Otherworld adventures have been easy to find. At last, Otherworld Nights shares short stories that have previously been available only online or in obscure collections. Fans have long been clamoring for this anthology and they won't be disappointed—they'll find plenty of surprises are in store.
