

# The Adventure of Huckleberry Finn/Extracurricular Reading Series for Youngsters (Chinese Edition)

This book is the master work of American writer Mark Twain. He described the adventures of the poor white kid Hack and the Negro slave Jim on the sides of Mississippi, demonstrating us a social picture on the eve of the Civil War. This book disclosed and satirized the ugly reality of the liberal, democratic and civilized American society, condemned and criticized the decayed slavery system and conveyed the writers dream of pursuing equality, freedom and new culture.
