

## Dire Means

A vigilante is determined to end homelessness in Santa Monica, California. His bizarre method makes examples of those who fail to show kindness to the impoverished. Citizens panic, engaging in flagrant displays of public brotherly love as the only way to feel safe outside their homes. Businesses post signs in windows, flaunting perks for the homeless to avoid being targeted. An unprecedented law-enforcement response is stymied and the city becomes a virtual armed encampment. When Mark Denny, a local IT guy, is trapped in the vigilantes scheme he must choose whether to use his skills to maintain the public's fear-fueled generosity, or face his own horrific fate. *Dire Means* is a taut thriller that brings you page after page of nail-biting tension laced with moral quandaries.
