

When the Danger Came Home (Grace Bryant Federal Air Marshal) (Volume 2)

Grace Bryant thinks life is perfect. She has found a balance between a challenging job and a growing family. In her new position as Supervisory Intelligence Air Marshal, she is no longer forced to face danger every day. Yet when terrorists plan to attack the Washington State Ferry system, Grace is thrown back into the danger of being a Federal Air Marshal and law enforcement officer within the Transportation Security Administration. The terrorist attack is far from the last danger Grace faces. Somehow the terrorists have kidnapped Grace Bryant's five-year-old son and are holding him for ransom. They won't release her son until Grace has followed all their demands. Through the struggle to find her son, Grace will be aided by a young rookie Detective, who is out to prove herself. Both women will work tirelessly to find Grace Bryant's son but will find time running out before they find the boy and whoever is really behind the terrorist attack and kidnapping.
