

Forever Twilight 1 Darkness Darkness [signed jhc]

Zombie monsters struck from the mold of countless drive-in B movies supply mayhem and gore in *Darkness, Darkness*. Their onslaught is heralded one day by a predawn flash of unearthly light that cuts off middle-American everyville Jesmans Bend from communication with the outside world. When four employees of local radio station KMRT investigate, they find the town mysteriously depopulated, apparently in the middle of regular routines. Familiar folk reappear shortly afterward, all wearing concealing sunglasses and gloves and driven by malignant alien motives revealed when they descend en masse upon the terrified foursome.
