

## Greyworld 2: Mallory

Fate seems to have it in for me, big time. So its really lucky I never expected life to suddenly be all happy-ever-after once Id traded in the Grey version of Jake for a real boy. Not only do I now have to deal with a very seductive flesh-and-blood guy, who wants to take our relationship to the next level, but Ive been sucked into helping Mallory, the entitled Mean Grey in a coma, get her life back. Why? Because this is Jakes new career path and we seemed to be the only ones who can solve the mystery of Mallorys ten year disappearance, get her back into her body, and bring her attacker to justice. Piece of cake, right? If you think so then youve been spending way too much time with Jake.
