

The Absent

Anthony really doesn't want to be alone for his granddad's last night before moving into a care home. Since the old man became ill, the bungalow hasn't felt right; full of odd sounds and strange things flashing in the corner of the eye... Eventually, he tempts two old friends, Lee and Amber, to stay over with him. But as the evening wears on, the three realise they are far from alone - and have no way out. A night feels like a long time when you can't even trust your own eyes. Suspenseful, moving and terrifying, **THE ABSENT** is based on genuine accounts, and may well change the way you look at the elderly forever. **SEEING IS BELIEVING**
