

Sunsets And Glories (Modern Plays)

Set in medieval Italy during a crisis in the Church, *Sunsets and Glories* is a work of the highest and most thrilling theatrical energy (Independent on Sunday). *Sunsets and Glories* is set in the late thirteenth-century Italy where power struggles between Church and State inspire such characters as the spineless Charles 11, paid killer Montefelto and madwoman Maifreda. Into this maelstrom steps Peter de Morrone, the saintly Pope Celestine V, provoking a bitter crisis of faith in the abiding values of violence and corruption. Once again, Peter Barnes mordant wit takes history and imbues it with a savage humour. Peter Barnes is one of the unrecognised geniuses of the English theatre (Plays and Players)
