Getting a virtual buzz is the only thing left to live for. Its the biggest industry, the only industry, the drug everyone needs, and gangsters run it all. And who do these gangsters turn to when they need their rule enforced? Constables Led Dent and Debbie Decay. This duo is about to be given a job that will force them out of the familiar squalor of Los Angeles to take down the last tech-less country on Earth: The Garden Nation of Tokyo. Bestselling writer RICK REMENDER (BLACK SCIENCE, DEADLY CLASS) and superstar art team SEAN MURPHY (CHRONONAUTS, Punk Rock Jesus) and MATT HOLLINGSWORTH (WYTCES, Hawkeye) examine our growing addiction to technology while thirsting for a nature we continue to destroy.
