

Rockin it Forever (Whats His Passion?)

Can the touch of a rock god last forever? Music journalist Bryan Gallaghers life has completely changed in an unexpected way. Not only has he snagged a dream assignment as the memoirist to alternative musics rock superstar Aubrey King, but he has also promised to give the beautiful and enigmatic musician a chance for them to forge a relationship. Its all very overwhelming for Bryan since, up until he spent a sexually charged day and night with Aubrey, Bryan has never even dreamed of being with a man. Aubrey is completely smitten with the boyishly handsome, young rock writer, Bryan. After their instant spark grows into something more, Aubrey is desperate to keep Bryan by his side for always. Hes promised Bryan that their love is for real, that Bryan isnt simply one of his rock star conquests. Their road isnt an easy one, though. Despite their deepening bond and growing need for each other, other factors intrude. Neither Aubrey nor Bryan is ready to come out, and their relationship needs to remain a carefully guarded secret. In addition, Aubrey has to answer to the demands of his profession and Bryan has to traverse the shifting waters between his personal and business relationship with his famous lover. Then a secret is revealed and everything in their joint world implodes. When a love is so strong that two men can barely take a breath without thinking of the other, will that be enough to bridge the loss of trust? The only way they can rock their love forever is if Aubrey can reach Bryan before its too late. About Morticia Knight Morticia Knight spends most of her nights writing about men loving men forever after.
