A Midsummer Nights Dream is a comedy play by William Shakespeare, believed to have been written between 1590 and 1597. It portrays the events surrounding the marriage of the Duke of Athens, Theseus, and Hippolyta. These include the adventures of four young Athenian lovers and a group of six amateur actors (the mechanicals), who are controlled and manipulated by the fairies who inhabit the forest in which most of the play is set. The play is one of Shakespeares most popular works for the stage and is widely performed across the world. The play consists of four interconnecting plots, connected by a celebration of the wedding of Duke Theseus of Athens and the Amazon queen, Hippolyta, which is set simultaneously in the woodland and in the realm of Fairyland, under the light of the moon. The play opens with Hermia, who is in love with Lysander, not wanting to submit to her father Egeus demand that she wed Demetrius, whom he has arranged for her to marry. Helena meanwhile pines unrequitedly for Demetrius. Enraged, Egeus invokes an ancient Athenian law before Duke Theseus, whereby a daughter must marry the suitor chosen by her father, or else face death. Theseus offers her another choice: lifelong chastity while worshipping the goddess Diana as a nun. Peter Quince and his fellow players plan to put on a play for the wedding of the Duke and the Queen, the most lamentable comedy and most cruel death of Pyramus and Thisbe. Quince reads the names of characters and bestows them to the players. Nick Bottom, who is playing the main role of Pyramus, is over-enthusiastic and wants to dominate others by suggesting himself for the characters of Thisbe, the Lion, and

Pyramus at the same time. He would also rather be a tyrant and recites some lines of Eracles. Quince ends the meeting with at the Dukes oak we meet. The fairies then disappear, and Theseus and Hippolyta arrive on the scene, during an early morning hunt. They wake the lovers and, since Demetrius does not love Hermia any more, Theseus overrules Egeus demands and arranges a group wedding. The lovers decide that the nights events must have been a dream. After they all exit, Bottom awakes, and he too decides that he must have experienced a dream past the wit of man. In Athens, Theseus, Hippolyta and the lovers watch the six workmen perform Pyramus and Thisbe. Given a lack of preparation, the performers are so terrible playing their roles to the point where the guests laugh as if it were meant to be a comedy, and everyone retires to bed. Afterwards, Oberon, Titania, Puck, and other fairies enter, and bless the house and its occupants with good fortune. After all other characters leave, Puck restores amends and suggests to the audience that what they just experienced might be nothing but a dream (hence the name of the play).
