

Fire Point (Ryan Lock) (Volume 6)

Fire Point: the temperature at which a flammable substance continues to burn, even after the source of ignition is removed. For fans of Lee Child, Robert Crais, and James Patterson's Alex Cross series. Private security specialists Ryan Lock and Ty Johnson are drafted in by a wealthy LA family who are worried about the increasingly erratic behavior of their son. This series is ace. There are deservedly strong Lee Child comparisons as the author is also a Brit, his novels US-based, his character appealing, and his publisher the same. - Sarah Broadhurst, The Bookseller This is a writer, and a hero, to watch. - Geoffrey Wansell, The Daily Mail Blacks style is supremely slick. - Jeremy Jehu, The Daily Telegraph The pace of Lee Child, and the heart of Harlan Coben. - Joseph Funder, New York Times Bestseller (Paranoia, Buried Secrets)
