

A Lady & Her Sire: A Royal Love Affair (Volume 2)

After moving to Virginia to start her life over, the last thing Lady was looking for was love. Things changed when she was introduced to the rude, slick talking, smart mouthed, Sire. Feelings that she never thought she would experience again came rushing back and she knew she would never be able to shake him. Sire is known as one of Richmonds richest right along with his best friend, Toine. He was every hood girls dream man and with a failing relationship on the line, it seemed as if Lady walked into his life right on time. Or did she? When skeletons from Ladys past come back to haunt her in the worst way possible, will Sire be her knight in hood armor? Or will the deceit be too much for him to handle?
