

The High Edge: A Seeders Universe Novel

USA Today bestselling author Dean Wesley Smith returns to his fan-favorite Seeders Universe series with a fourth novel, *The High Edge*. Benny Slade lives in New York City. One moment the city around him (and everyone he knows) seems normal. The next moment, everyone dies. Working to survive among the dead (and plan for a future) feels impossible, but Benny doesn't give up easily. Especially when he meets the woman of his dreams, and she offers to help him and others survive. And then she offers him an even a bigger job, a job that could take him out into the stars.
