

Shadows Deep

In this thrilling continuation of Cege Smith's paranormal Shadows series, Ellie Coulter made a deal with the devil, and now it's time to pay the price. It doesn't take long for Ellie to realize that the shadows that have swirled around her life since her parents' death were far from a coincidence. As more of her true destiny is revealed, it comes with the knowledge that she is a lynchpin in a much larger and more dangerous game. And the being who trapped her in her new home has no intention of ever letting her go. As Ellie races to find a way to escape, she is sucked further into the darkness and must come face to face with ugly truths about who she really is. She has to decide who to trust and that includes the man she loves. As facts give way to lies, Ellie begins to question everything. But one thing remains clear: Ellie must find a way to defeat her captor before she loses everything, including herself.
