

So, You Want to Live in a Yurt?

When I found this book I was so excited. It really helped me understand the ins and outs and the pros and cons of raising a yurt and living in a yurt. Very informative. I would recommend this to anyone who is interested in Yurts and most definitely to anyone considering building one. Full of tips, guidance, and information that can only come from first hand experience, this is a must read for those interested in eco-friendly, progressive, living in the round! Love the idea of a yurt, but not sure if its the right answer for you? Recommended by Becky Kemery, of Yurts: Living in the Round, one of the most popular and best selling yurt books ever published, So, You Want to Live in a Yurt covers the pros and cons of life in a yurt. Written by full-time yurt dwellers, this 70+ page book includes photos, a full budget, timeline and more from the husband-and-wife teams experience building their 30 foot yurt on their 22 acre farm in the mountains of Southwest Virginia. Learn more about living in the round and avoid some of the mistakes and misconceptions experienced by the authors in their journey towards their dream yurt.
