

Sonora Sundown: Arizona (The Americana Series)

Every novel in this collection is your passport to a romantic tour of the United States through time-honored favorites by Americas First Lady of romance fiction. Each of the fifty novels is set in a different state, researched by Janet and her husband, Bill. For the Daileys it was an odyssey of discovery. For you, its the journey of a lifetime. Your tour of desire begins with this story set in Arizona. Its a SONORA SUNDOWN and wheres a real cowboy when you need one? Brandi is lost in the desert now that her skittish horse turned tail and galloped off. If the flickering light over the next rise is a campfire, then thats where shes headed straight into the camp of Jim Corbett. But her rugged rescuer seems to be a man of few words, and theres no time to waste. They must take shelter from the oncoming sandstorm . . . in each others arms . . .
