

## Star Wars: Shadows of the Empire (AU Star Wars)

Shadows of the Empire illuminates the shadowy outlines of a criminal conspiracy that exists in the background of the events in the movies, ruled by a character new to us. Prince Xizor is a mastermind of evil who dares to oppose one of the best-known fictional villains of all time: Darth Vader. The story involves all the featured Star Wars movie characters, plus Emperor Palpatine and, of course, Lord Vader himself.
