

Superman Unchained #1 75th Anniversary Variant Edition New 52 Cover

When thirteen satellites fall from the sky in one day, the logical suspect is Lex Luthor—even though he's still locked up in prison! But a stranger question remains: If Superman didn't stop the last satellite from falling, who did? There's a mystery hidden where even Superman can't see it—Can The Man of Steel drag a decades-old secret into the light? Don't miss the debut of this red-hot new series from two of comics' brightest superstars: SCOTT SNYDER and JIM LEE!
