

Future Crime

[Read by Paul Boehmer, Gabrielle de Cuir, Stefan Rudnicki] An exciting collection of SF stories by Hugo Award-winning author Ben Bova. No matter what strange forms the future takes, says Ben Bova in his introduction, crime and criminals will always be with us - and with them, the need for law enforcement. Included in this collection of short stories are the full-length novel *City of Darkness* and *Brillo* - the famous collaboration between Bova and Harlan Ellison.
