

The Accounting

Jon Willing was just a teenager when he and his buddies Augie and Ben stole a fortune in drug money. Brazen with youth and stoned out of their gourds, they thought they had the perfect plan for getting away with it. They were wrong. Twenty-five years later, Jon's marriage is in ruins, his kids are virtual strangers, and the recession has decimated his finances. When he finds Augie murdered in Vegas, Jon knows his past has risen from the grave to grab him by the throat. Now Jon Willing faces a choice: run to a paradise of wine and women and endless sunshine or confront the demons from his past and fight for what's left of his imperfect suburban life. But is it a life worth fighting for? Hurry and decide, Jon, because the piper is coming, and he always gets paid.
