

The Adventures of Tom Sawyer (Chinese Edition)

This book tells the story of an orphan named Tom Sawyer. He is adopted by his aunt Polly. Tired of the restrictions of school, he always skips school and adventures with his best friends Harper and Huck. One late night, they accidentally witness a murder case while they are playing on a graveyard. The three of them run to a deserted island and become pirates. Their families think they are dead and hold a funeral for them, but they show up in their own funeral. On the court, Tom bravely testifies the murderer. Before long, Tom and Becky the girl he likes lose their way in a cave during a picnic. They are hungry, cold and facing the threatening of death. More unfortunately, they see the murderer named Indian Joe. Finally, with their wisdom and bravery, they escape from the cave and give the murderer what he deserves. Then, Tom returns to the cave, finds a treasure and becomes a hero of the village.
