

## Adventure Stories (Isis Large Print Books)

By the age of 29, Jack London was the highest-paid and most widely read author in America, thanks to the huge popularity of *The Call of the Wild*, *The Sea Wolf*, and *White Fang*. Themes of these books also pervade this collection of short stories: survival through adaptation, compassion for the less fortunate, a respect for physical power in both man and nature, and the need for social justice.
