

Dope Boy: The Novel

This authorized version of Dope Boy contains the full novel as well as The Dope Girl Prequel. Cameron Forrest had the mind of a mathematician, the heart of a lion and the soul of a hustler. If he had been raised across town in one of Atlanta's affluent areas, he would probably have been a doctor or lawyer maybe even president. Instead, he grew up in one of Atlanta's most depressed ghettos. Cam was a natural born leader, so it was no surprise that he rose to the top of the drug trade. He ran the notorious B.C.Bs with an iron fist. As a result he was a millionaire by the age of 21. Join young Cam as he robs, steals and kills on his rise to the top. As he grinds his way up the ladder killing anyone who gets in his way. With more money comes more problems. Getting to the top was only half the battle. Staying on top is even harder once you're there. Beef behind a woman sends the B.C.Bs to war against their New York connect. Bodies are dropping on both sides as the war heats up. What goes up, must surely come down. In order for one to rise, another must fall. Eventually all sides will butt heads, all battling to control ATL's lucrative drug trade. Only this isn't just business . . . it's personal.
