

## The Cold Case of Six-Gun Annie

What if the undead knew of your supernatural powers before you did? Annie Franklin, an unwitting touch-clairvoyant, unleashes the revenant of Jeremiah Dempsey. Dempsey was the only notorious outlaw to ever pass through small town Greenville, Iowa. He was gunned down before he could recover his loot and now, with Annie's abilities, he can. Accused of a series of murders, Annie's only hope rests with an open-minded detective trying desperately to convince law enforcement that she has been kidnapped rather than becoming the nation's youngest female serial killer in modern memory.
