

The Cop and the Anthem (Chinese Edition)

O Henry exposed and satirized the decayed capitalist system, the laws against humanity and moral hypocrisy, and reflected the hard and funny life of the lower rungs in his works. He is especially famous for his works depicting the life of Manhattan citizens. He uses exaggeration, puns and other means of humor well, comforts the frustrated nobodies in life with tearful smiles, and integrates their distresses into funny jokes, which not only brings the effect of tearful smiles, but also makes the works more practical. He is reputed as Manhattan Poet Laureate and his works, with the humor in life and the style of tearful smiles, are reputed as a humorous encyclopedia of American life.
