The Crater, or Vulcans Peak: a Tale of the Pacific is a novel by James Fenimore Cooper first published in 1847. From merely surviving the loss of his shipmates and the embayment of his ship within The Reef, protagonist and role-model Mark Woolston goes on to thrive by his own industry. Following a regional volcanic upheaval which raises new land, he finds a similarly industrious and thriving colony after escaping from, then returning to, The Reef. The outnumbered colonists must defend their new homes and possessions against natives who covet the new land.
