

## Todd McFarlane Presents the Crow (Volume 1)

This out-of-print edition was a landmark venture that coupled the talents of Todd McFarlane (creator of the best-selling Spawn series) with the successful character franchise of The Crow. This 55-page, four-color, high-gloss magazine is a true collectors piece featuring: an interview with James OBarr, the original artist/creator of The Crow character; two separate comic equivalent stories; a four-page Time-magazine-style article the chronicles the history of The Crow; plus another long-form article about what goes into making a collectible Crow statue. It is a rare, must have edition for hardcore collectors and a great introduction for novices to one of the most unique dark heroes every conceived.
