THE EIGHT BEST WILKIE COLLINS BOOKS Read what are widely considered the greatest novels by the greatest Victorian suspense novelist. Wilkie Collins is a master of mystery, suspense, and all sorts of sensational dark thrills. This a great value edition brought to life with the original illustrations. Classic Novels Includes complete and unabridged: **BASIL HIDE AND SEEK THE DEAD SECRET AFTER DARK THE WOMAN IN WHITE NO NAME ARMADALE THE MOONSTONE** 8 of the greatest ever mysteries, suspenses, and sensation novels -Featuring their original illustrations from their first publication -Complete, unabridged, and formatted for kindle to improve your reading experience -Linked table of contents to reach your book quickly

BASIL Basil, a man of high station, falls in love with Margaret Sherwin, the daughter of a linen draper, and the year following their secret marriage is fraught with dramatic conflict. This psychologically penetrating story of love and loss is recognized today as one of, if not the, first sensation novels of the nineteenth century.

J Eddy HIDE AND SEEK Collins gives us a slice of Victorian life and a not-so-mysterious mystery, but its a charming book with characters that just pop off the page. This is not a stuffy moralising book, but a tale told wonderfully well, utterly charming and, at times, laugh out loud funny.

Violet THE DEAD SECRET The book develops the readers curiosity and suspense beautifully and keeps you guessing as to what the secret could be and whether it will be discovered.

Jo, The Classic Book Club AFTER DARK His first collection of short stories. Wilkie Collins scandalised Victorian Britain with his sensationalist novels about fallen women, marital bigamy and illegitimacy. Daily Mail **THE**

WOMAN IN WHITE One of the thousand novels everyone must read . . . the greatest and most inspirational of the Victorian sensation novels, The Guardian NO NAME Instead of bowing to circumstances when she is disinherited, 18-year-old Magdalen Vanstone in No Name (1862) uses her physical charms to take revenge on the family that reduced her to penury. Daily Telegraph ARMADALE I thought this was a fantastic read! It was written to be serialized in a magazine, I believe. And it really has that serial/cliffhanger feel to it. After reading the first 100 pages, I felt like I had already read an entire thriller. Collins writes like a contemporary thriller writer- John Grisham, Stephen King, etc. He is so accessible, it is hard to remember he was writing at the same time as Dickens. Johnna THE MOONSTONE One of the hundred best novels. The Guardian The first, the longest, and the best of modern English detective novels in a genre invented by Collins. T.S Eliot Probably the very finest detective story ever written. Dorothy L. Sayers Probably the best detective tale in the world. G. K. Chesterton
