

## The Emperors New Clothes (illustrated)

Hans Christian Andersen was a Danish author best known for writing childrens stories including The Little Mermaid and The Ugly Duckling. But he didnt just write short stories, and his intended audience wasnt restricted to children. In addition to his fairy tales, Andersen wrote poems, plays, novels, travel books, essays, and more. He hungered for recognition at home (Denmark) and abroad and he got it! Eventually. Today, his stories can be read in over one hundred languages. But no matter what language theyre in, Andersens tales have got something for everyone. In them, youll find beauty, tragedy, nature, religion, artfulness, deception, betrayal, love, death, judgment, penance, and occasionally a happy ending. Theyre complex tales, but since Andersen himself was pretty complex, we like to think that art imitates life. Or something like that.

The Emperors New Clothes (Danish: Kejsersens nye Kl?der) is a short tale by Hans Christian Andersen about two weavers who promise an Emperor a new suit of clothes that is invisible to those who are unfit for their positions, stupid, or incompetent. When the Emperor parades before his subjects in his new clothes, no one dares to say that he doesnt see any suit of clothes until a child cries out, But he isnt wearing anything at all! The tale has been translated into over a hundred languages.
