

The Far Bank of the Rubicon (The Pax Imperium Wars: Volume 1)

For three hundred years, the Pax Imperium secured peace throughout the galaxy. Now the empire teeters on the brink of collapse. As war brews, the House of Athena expects Jonas to enlist. Unable to escape his gilded cage, the young prince accepts his fate. But when the factions come to blows, his secret affair with the daughter of a rival becomes a liability. As territory falls, Athena lays impossible demands on Jonas, and he is forced to choose between love and the ideals his family fights to preserve. The Far Bank of the Rubicon is super-charged, adult science fiction from Erik Wecks, creator of the Pax Imperium and author of the critically acclaimed Aetna Adrift.
