

# The Wrath Inside

Until the knife was thrust at Ezeras throat, it had been an unremarkable upbringing for the fifteen year-old in the small town of Nares, in Roman controlled Palestine. Now his life is in danger and worse is to come. Beautiful twins, a boy and a girl, are missing. Their father believes Ezera is involved and forces the youth to search for them. But is he really their father? Then the Roman Army march into town. Immediately, there is a death. Now the whole town is under the threat of annihilation unless someone can step forward and face the might of Rome. Ezera is left with no choice. He steps forward. Set in 15AD, with a vivid feel of the time, and highlighting actual events, The Wrath Inside is a very fast, thrilling, gut-wrenching, action adventure, as Ezera fights for his and everyones survival.
