

## With This Fling... (Mills & Boon Modern Heat)

Hes the man of her dreams she invented him, after all she just hasnt met him yet What would you do if the fiance youd invented to stop the kindly but persistent questions from colleagues and family turned out to be a real man pretty much as you described him? And what if that man turned out to need a made-up fiancee just as much as you? Could you carry off the deception even after the hottest kiss of your life and the scorching hot night that follows? If you like Jo Carnegie or Carmen Reid, youll love this.
