

## The Beast in the Jungle - Classic Illustrated Edition

\* Beautifully illustrated with atmospheric paintings by renowned artists, *The Beast in the Jungle* is a deeply engaging tale about a man who has a peculiar secret - he believes that his life will be ended by a catastrophic event of some sort. His belief in this Beast in the Jungle renders him unable to appreciate the love proffered by a female friend and ultimately to make no good use of his life. The novel was particularly popular with readers for its treatment of the universal themes of love, death, loneliness and fate. \* Just as accessible and enjoyable for todays modern readers as it would have been when first published over a century ago, the tale is one of the great works of English and American literature and continues to be widely read throughout the world. \* This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text and is enhanced with images of classic works of art carefully selected by our team of professional editors.
