

## The Light of Western Stars: An American Western Classic!

An American Western Classic! When Madeline Hammond stepped from the train at El Cajon, New Mexico, it was nearly midnight, and her first impression was of a huge dark space of cool, windy emptiness, strange and silent, stretching away under great blinking white stars. The story of a socialite ranch owner who wins the love of her superintendent, the loyalty of her ranch hands, and the enmity of frontier bandits. Terrific western concerning the relationship between drunken-cowpuncher Richard Arlen and new ranch-owner Mary Brian. Arlens best friend was Brians brother, who was killed under suspicious circumstances. Fred Kohler is the dastardly villain, but hes not as easily subdued as Arlen would prefer. Zane Grey was the best-selling author of over 85 books and sold well over 100 million copies worldwide. No one author has done more to almost single-handedly create the Myth of the West. Add this exciting American classic to your Western library today!
