

Things You Cant Tell Mama - Your Best Friends Mother 2: Lust In London

Eight months ago twenty five year old Ravon Prior didnt have to tell his mother that he was involved in a torrid sexual relationship with then forty four year old Quinella Jordan, his best friends mother, because she caught them in the act. All these months later Ravon thought it was just a onetime fling between him and Quinella until she called him while he was at home in Chicago. At Ravons urging, Quinella auditioned for a singing competition television show and won. Quinella was coming to Chicago to perform and emotions began to stir in Ravon that he had buried since their first unlikely connection. Quinella invited Ravon to travel to London with her and they unleashed passion that spanned a continent, ocean and a generation. How would Ravon and Quinella handle a relationship that could rip their families and friendships apart?
