Its set a few months after Gone, just before the Presidential election. Q Its coming out pretty quickly after Gone. How did you do that?? A The book wrote itself. And its short. (Laughs) Q So the idea was pretty natural, another conspiracy? A The opposition is desperate. Im not saying thats happening, but its not really a stretch. Q It seems like the book has a big emphasis on time. A You know the saying: money comes and goes, time just goes. Q It sounds like it moves fast. A Even faster than Gone. Its a

good summer read. Q - Why should readers give this book a try? A I love reading mysteries, detective and political thrillers. Missing combines those genres in one book. Hopefully anyone who reads it will enjoy that, too. Its a crime thriller that leaves you wrung out and satisfied. The heroine pays a life-changing price, and theres a bit more romance than the previous books. It twists and turns all the way to the end. Q Are there prequels or sequels available? A Yes, Annie McCarthy stars in the novels Illusion and The Greatest Game, Control and the Control Series, and of course, Gone. Please see my author page for those books. Q Anything you would like to add? A Thanks for reading!
