

The Resolution of Callie and Kayden (The Coincidence Book 6)

Things are going well for Callie and Kayden. They're still dealing with their past and the pain connected to it, but for the most part they've moved on. The biggest decision they have at the moment is what they want to do with their lives in the future. Eventually, though, the past catches up with them and they're left facing tough choices. But Callie and Kayden learn that as long as they have each other, they can make it through just about anything. And in the end, they discover what they really want out of life.
