

Jonah The Seer (The Seer Series Book 1)

JONAH THE SEER

<http://www.amazon.com/dp/B00DC4XW88> By: Howard Littleson In 1936 Jonah Cook was twelve years old. He lived in a tiny rural Michigan town gripped, as all towns were, by the economic ravages of the Great Depression. He was in every way a typical boy, or at least he thought he was, until the day of his Uncle Jaspers funeral when he discovered he had a bizarre gift. This gift, or curse as some would later come to refer to it, sent Jonah head long into a hair raising supernatural journey that brought him face to face with his greatest fears and released unintentional consequences that forced him to fight for his freedom, to prove that he wasnt schizophrenic, and to protect the lives of those he loved the most. In this, the third novel by author Howard Littleson, the richly textured details of the 1930s come alive as Littleson takes readers on a riveting journey which starts with a small town graveyard and the secrets buried beneath its granite markers. The journey continues through the stately halls of a well-intentioned asylum of the day where murky diagnoses and crude courses of treatment force Jonah to question everything including his own sanity. Finally, the journey takes the reader back to the tiny town of Davisburg where Jonah struggles to live a normal life, find purpose and meaning for his controversial gift and put away, once and for all, the demons that haunt him. One thing is for sure. . . youll never enter a graveyard again without thinking of Jonah the Seer! The story of Jonah The Seer will grip you, put you on the edge of your seat, make you hold your breath, pull at your heartstrings, and remember what it was like to come of age. After reading this story you will be naturally drawn into the decades long debate on whether the bizarre details of Jonahs remarkable life are proof of an unexplainable supernatural gift or the

impossible claims from a fractured mind
plagued by lunacy driven visions.

Voices of the Soul (Soul Seers #1) - Kindle edition by Rene Folsom Start reading Soul Seers: A Paranormal Romance Boxed Set on your Kindle in under a minute. Don't have a Kindle .
