

The Young Forester; Classic American Western Novel (Illustrated)

Amazon Review; Heres the plot summary (spoiler alert)(sort of): insanely naive boy has summer free after high school and before college; boy volunteers to be junior forester in Arizona; boy stumbles upon illegal sawmill in national forest; multiple kidnappings; wildlife encounters; gunshots; whoa, forest fire!; boy saves the day; boy goes home, remarkably, just as naive as when he arrived. Sample character names include Hal, Ken, Dick, Ward, Smith, Jim, and an unscrupulous for-hire Latino generally referred to as the Greaser. Lovely, just lovely. Societally-acceptable racism aside, its a quick and engaging, if moderately insulting, read (for, among other things, the suspension of disbelief required at frequent intervals, mostly corresponding to the practically metaphysical knowledge of forestry and government regulations that escapes our teen-aged heros lips during long rides in the saddle in-between plot twists). And yet, its an entertaining romp in the finest pulp tradition. Plus, I was referred to this fictionalized account of a zealous Pinchot progressive in the highly recommended telling of the 1910 Bitterroot Mountains fire The Big Burn by Timothy Egan. Yes, go read that fine book first, and then come back to consume this one. The Young Forester; Classic American Western Novel (Annotated and Illustrated) includes detailed biography and 10 photos of Zane Grey.
